

Sallie's Fen Fibers, LLC

97 Swain Rd, Barrington, NH 03825

Price List - Effective October 1, 2007

Washing: \$6 per lb (based on incoming weight)

Picking and Carding: \$6 per lb (based on weight of fiber entering the process)

Dehairing: \$10 per lb (based on weight of fiber entering the process)

Our fiber separator improves the "Comfort Factor" of your product significantly! It achieves this by removing prickly guard hair, as well as most vegetation and second cuts. Loss can vary from less than 10% to as much as 50% depending on the quality and cleanliness of your fiber, but you end up with a much more skin-friendly and valuable product.

Dehairing is a particularly useful option if you don't have time to thoroughly skirt your fleeces (remove armpit hair, hay, etc) before sending them to us.

Spinning & Skeining/Cones: \$16 per lb (choose 2-ply or 3-ply and bulky, worsted, DK, sport, fingering or lace)

- Add \$3 per lb for fingering, lace or 4-ply yarn.
- Add \$3 per lb for winding of measured yardage skeins (please specify).

Additional Services

- **Blending:** Add \$3 per lb to blend 2 or more natural colors/types of fiber you provide.
- **Suri Alpaca and other fibers:** Call for pricing.
- **Hand Dyeing/Hand Painting:** Call for pricing.

Shipping - Actual shipping package cost. Payment in full, plus shipping, is required before your fiber is released

Note: Minimum run (color) size 3 pounds
Blanket or "1st" fiber between 2" and 6" in length only please
